COMMUNITY COUNCIL MEETING
March 9th, 2021

ATTENDING:

Christy Nerdin (Principal)
Jennifer Anderson
Brandon Aycock
Jessica Christensen
Megan Hall
Heather McKee
Marissa Mills

ABSENT:

VISITORS:

Approval of Minutes

The meeting was opened at 2:45. A motion was made by Megan Hall to approve the minutes as they were written. Jessica Christensen seconded. The motion passed unanimously. Time was then turned over to Christy Nerdin.

Strategic Plan Feedback

Christy Nerdin read the Uintah Middle Schools Vision Statement and the Norms. She then had the council read the District's Strategic Plan that includes their Mission, Vision, Values and Goals. This statement is on the district website under the tab ***District Information***. It is called ***District Mission and Vision***. The council read these statements and wrote down words or phrases that resonated or stood out to them. They entered their results to Padlet. Everyone's entries were listed, and the council was asked to prioritize the comments. They marked the ones they thought were the most important or had the highest priority to them. The Student Council and then Teachers will also give their input. These results will be submitted to the school board.

Patron Input

Parents wanted to know what Friday's will look like next year. Christy let them know that there is a committee in place collecting information. She did say that the school year will not go longer into the summer with any of the schedules they are looking at. Parents hope there is a meeting parents can watch before the decision is made. The parents on the committee are strongly against an A/B schedule.

Christy Nerdin said she will share the school's Lexia results at the next meeting. The growth for the school is very good.

Amplify is the ELA program that was adopted. The teachers are very excited to have this program.

Meeting adjourned at 3:55. April 13th will be the next meeting.
